I love challenges, I love learning new things, and I believe in the power of effort. I can learn from setbacks and gain strength from failures with the belief that I will improve with effort to achieve my highest potential. "Our problem is not that we aim too high and miss. Our problem is that we aim too low and hit." – Aristotle "Success is to be measured not so much by the position that one has reached in life as by the obstacles overcome while trying to succeed." – Booker T. Washington	Setbacks in life are not the result of something inherently or permanently wrong with me but actually learning opportunities enabling me to build upon strengths through renewed effort. "Whether you think you can or you think you can't you're right." – Henry Ford "My hunger is not for success, it is for excellence. Because when you attain excellence, success just naturally follows." – Coach K (Michael Krzyzewski)	I will set my personal expectations high and overcome my fears and self- doubts through purposeful effort to achieve my full potential. "I am not throwing away my shot." – Hamilton the Musical "No one can make you feel inferior without your consent." – Eleanor Roosevelt	I am not a passive victim of circumstances. I believe that I can change my life and my world for the better. In fact, I am the only person in control of my direction in life. "I am the master of my fate. I am the captain of my soul." – William Earnest Henley "The man who will get up will be helped up; and the man who will not get up will be allowed to stay down." – Frederick Douglass	I will display strengths of the head, gut and heart necessary to never compromise my integrity while always considering the needs of others. "Life's most persistent and urgent question is, 'what are you doing for others?'" – Martin Luther King, Jr. "The only ones among you who will be truly happy are those who have sought and found how to serve." – Albert Schweitzer	I will exhibit passion and perseverance in the pursuit of my long-term goals through the daily discipline of deliberate practice, with the gritty determination not to give up when the going gets tough. "The brave man is not he who does not feel afraid, but he who conquers that fear." – Nelson Mandela "Talent X Effort = Skill Skill X Effort = Achievement" – Angela Duckworth
